

PRASHANT MISHRA

Senior Software Engineer | Frontend Developer (React.js)

+91-6388077340 | mish.prashant08@gmail.com | <https://info08.github.io/my-portfolio/>

Preferred Locations: 📍 Delhi NCR (Preferred) | Open to Relocation & Remote

PROFESSIONAL SUMMARY

Senior Frontend Engineer with 7.5+ years of experience designing and building scalable, high-performance web applications using React.js and modern JavaScript ecosystems. Expert in component-driven architecture, performance optimization, and building enterprise-grade UI systems. Proven ability to improve application performance, enhance user experience, and deliver maintainable, production-ready solutions in fast-paced Agile environments.

TECHNICAL EXPERTISE

Languages & Core:

JavaScript (ES6+), TypeScript

Frontend:

React.js, Next.js, Redux Toolkit, React Query

UI & Styling:

HTML5, CSS3, SCSS, Material UI, Bootstrap

Architecture & Concepts:

Component Architecture, Micro Frontend Architecture, Performance Optimization, Lazy Loading, Code Splitting, Memoization, Web Vitals

Tools & Platforms:

Git, GitHub, GitLab, Azure DevOps, CI/CD Pipelines

Other Exposure:

React Native, OpenUI5, SPFx

PROFESSIONAL EXPERIENCE

Wipro Ltd — Senior Software Engineer

📅 Apr 2024 – Present

- Developed scalable enterprise UI applications using **React.js and TypeScript**, improving maintainability and modularity
- Designed and implemented **reusable component architecture**, reducing development effort across modules
- Improved UI performance through **memoization, lazy loading, and optimized rendering strategies**
- Built enterprise-grade UI modules using **OpenUI5** within SAP ecosystem
- Developed and customized internal business solutions using **SPFx (SharePoint Framework)**
- Ensured **accessibility compliance (WCAG)** and cross-browser compatibility
- Collaborated with cross-functional teams in Agile environment to deliver production-ready features.

Tech Mahindra Ltd — Software Engineer

 Feb 2022 – Apr 2024

- Built scalable **Single Page Applications (SPA)** using React.js, React Native, Redux Toolkit, and TypeScript
- Transformed complex UX designs into **responsive, high-quality UI components**
- Integrated REST APIs and optimized **data handling and rendering performance**
- Improved UI consistency and performance across multiple platforms
- Actively participated in Agile development, sprint planning, and release cycles

Brain Technosys Pvt. Ltd — Software Engineer

 Mar 2020 – Feb 2022

- Developed reusable UI components using React.js and Material UI.
- Improved application performance and reduced load time using optimized rendering techniques.
- Delivered end-to-end features in collaboration with backend and QA teams.
- Managed version control and workflows using Git and JIRA

Morpheme Web Nexus Pvt. Ltd — Software Engineer

 Feb 2018 – Mar 2020

- Developed and maintained multiple React-based frontend applications
- Improved code quality and maintainability through reusable components
- Debugged performance issues using Chrome DevTools
- Worked in Agile environment with iterative releases

KEY PROJECT

High-Performance React Dashboard (Personal Project)

- Built a scalable dashboard with **authentication and role-based access control**
- Implemented efficient state management and API handling
- Optimized performance using **lazy loading and code splitting**, improving load time
- Designed reusable and modular component structure for scalability

KEY STRENGTHS

- Strong expertise in **React ecosystem and frontend architecture**
- Experience building **scalable, maintainable UI systems**
- Focus on **performance, accessibility, and user experience**
- Ability to quickly adapt to new technologies and enterprise environments

EDUCATION

- MCA – AKTU (2018) – 75.02%
- BCA – MCRPV (2016) – 67.03%

PERSONAL DETAILS

Date of Birth: 03 July 1995

Nationality: Indian

Languages Known: English, Hindi

Current Location: Bangalore, India

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge.
